They sailed the seas, pillaging and plundering, crammed into ships no longer than a train carriage. Life was hard for the bloodthirsty captain and crew, but if they survived the rancid and maggoty food, the fighting, the fevers and the malodorous mates with all body parts intact; if they avoided drowning, capture and swinging from the gallows, there was adventure and a fortune to be made. Discover the real and revolting stories of these robbers of the seas with this thrilling, no-holds-barred, full-colour illustrated book.

*Dinosaur Wars* is a spectacular 80-page book featuring the mightiest, meanest and most ferocious dinosaurs that ever lived, pitched into battle with their greatest foes. From *Spinosaurus* to *Tyrannosaurus rex*, these deadly predators are profiled in fearsome detail and are matched – in astonishing computer-generated artwork – with their most terrifying adversaries. With detailed analysis of the dinosaurs' strengths and weaknesses, this book is a must-have for stat-and-fact-mad dinosaur fans.

**Crocodile Jaws**

Spying a dozing *Carcharodontosaurus* on the shore, *Sarcocaprosuchus* slithers out of the lake and surveys the sleeping predator. Here is an opportunity it cannot pass by. Using its stereoscopic vision, the croc lunges at the throat of the dozing giant. *Carcharodontosaurus* leaps awake, roaring with pain and alarm as dagger-like teeth penetrate its flesh. It will need to fight hard for its life. The unforgiving jaws of *Kaprosuchus* could end the reign of this mighty predator.

Which are the strongest, which are the meanest, which has the best attack strategy and which can pull out the strongest defence? Using the very latest entomological facts combined with superb action artwork, this book offers a thrilling look into the hidden world of the fiercest battles that are taking place beneath our very feet!

**Death Lock**

A scorpion and a stag beetle are locked in a deadly embrace. The scorpion grapples the stag while stabbing with its pair of crablike claws. Stag's antennae are reaching out to sense its enemy's position, the better to grab the whole scorpion in its massive arlers. But will the scorpion employ its ultimate weapon – and inject its deadly venom with a flick of its tail-sting? And if it does, can the sting even penetrate the stag's armour?

# Why choose *I Love Reading Phonics*?

This fantastic fiction reading series for children aged 5+ combines structured phonic progression with great artwork and fun stories.

## Synthetic Phonics

Synthetic Phonics enable new readers to recognise the individual sounds of English and to blend (or 'synthesise') them, building the confidence to tackle unfamiliar words without relying on memory or guesswork.

**Focus of the book**

**Reading tips**

*A Kiss!* focuses on the sounds: **qu, x, ff, ll, ss, zz and ck.**

**Tricky words in *A Kiss!***

Any words in bold do not sound exactly as they look (don't fit the usual sound-letter rules) or are new and have not yet been introduced.

**Tricky words in this book:**

<b>the</b>	<b>to</b>	<b>who</b>	<b>he</b>
<b>you</b>	<b>me</b>	<b>said</b>	<b>I</b>

**Extra ways to have fun with *A Kiss!***

- After the reader has read the story, ask them questions about what they have just read:
 

*Who does Nick try to kiss?*  
*Why does Nick get into a huff?*
- Make flashcards of the focus sounds (qu, x, ff, ll, ss, zz and ck). Ask the reader to say the sounds. This will help reinforce letter/sound matches.

*My big brother listens to me read. He says I'm a very good reader. I like to read in his bedroom.*

**Tips for parent/teacher**

**A pronunciation guide**

This grid contains the sounds used in the story and a guide on how to say them.

s as in sat	a as in ant	t as in tin	p as in pig
i as in ink	n as in net	c as in cat	e as in egg
h as in hen	r as in rat	m as in mug	d as in dog
g as in get	o as in ox	u as in up	l as in log
f as in fan	b as in bag	j as in jug	v as in van
w as in wet	z as in zip	y as in yet	k as in kit
qu as in quiz	x as in box	ff as in off	ll as in fill
ss as in hiss	zz as in buzz	ck as in duck	

Be careful not to add an 'uh' sound to 's', 't', 'p', 'c', 'h', 'r', 'm', 'd', 'g', 'l', 'f' and 'b'. For example, say 'fff' not 'fuh' and 'sss' not 'suh'.

Supports Year 1 Phonics screening

## Outstanding Support For Early Readers

- Government-supported reading system
- Devised and developed together with an expert consultant
- Pronunciation guide and clear supporting information included in each volume
- Imaginative writing and delightful artwork

## A range in 6 Levels

*I Love Reading Phonics* matches the phonics that children are being taught at school. The levels reflect the structured phonic progression.

**Level 1** – All 26 alphabet sounds and graphemes ff, ll, ss, zz and ck

**Level 2** – Consonant digraphs

**Level 3** – Vowel digraphs

**Level 4** – Alternative spellings of vowels

**Level 5** – Alternative spellings of consonants

**Level 6** – One spelling representing more than one sound

## Expert Consultant

From a background in teaching, Abigail Steel has become a respected expert in the field of Synthetic Phonics and a regular contributor to educational publications.

*"I Love Reading Phonics helps children read and spell more confidently and more efficiently. The results are amazing!"*
